

REMARKS

Applicants request reconsideration of the present application in light of the present claim amendments and remarks. Claim 1 is now amended to include a clear structure.

Double Patenting

Assuming the present or further amendment do not obviate the rejection for double patenting, applicants will file a terminal disclaimer upon allowance of the claims.

Rejections Under 35 USC 112, First Paragraph

The claims have been amended to overcome the rejection for lack of enablement. Claim 16, which was rejected for lack of enablement has been canceled.

Rejections Under 35 USC 103

The recitations of claim 16, which was never rejected as being obvious, have been incorporated into claim 1 and, therefore the rejection for obviousness has been overcome.
